

Quotation for 100 pounds of grass seed.

The U.S Embassy in Sierra Leone is seeking quotes for the following:

100 pounds of grass seed variety indigenous to the area of West Africa and appropriate for hillside erosion control during the rainy season. Species must be perennial, able to withstand the dry season and return during the rainy season. Vendor must have knowledge of the seed variety and be able to certify that the product is 98% pure.

Purchase may include up to four (4) seed types if available from a single vendor

Should you be interested in submitting a quote please responds back directly to FreetownGSOProcurement@state.gov on or before July 5, 2015. Oral quotation will not be accepted.
